LOCAL FLAVOR

- “Meat N 3”, a common meal choice in the south became popular as workers transitioned from farms to the city. They consist of a hearty protein with three comfort food sides.
- Nashville Hot Chicken was little known until recent years. You can now find “Hot Chicken”, “Hot Fish” and “Hot Shrimp” throughout the city.
- Goo Goo Clusters invented by the Standard Candy Company here in Nashville was the county’s original combination candy bar. Until Goo Goo most candies consisted of straight forward single ingredient bars of chocolate, taffy or caramel.

DID YOU KNOW...?

- Popcorn explodes because each kernel has a perfect drop of water inside it. Your microwave quickly raises that water to the steaming point, and the pressure of the steam rips open the hull and inflates the starchy mush inside.
- Charles Feltman, a German-American Baker, invented the hot dog at Coney Island around 1867.
- Ripe cranberries will bounce like rubber balls.
- The average strawberry has about 200 seeds on it. Each seed that grows into a plant can produce about 24 large strawberries every year.
